To the Editor of the Eagle:

Gus Ziska has returned from his trip to St. Louis. The vacation gave him the much needed rest and he returns improved in health.

To the Editor of the Eagle:

Remor has it that Judge E. B. Jewett spent several hours yesterday seated in front of the Tremont house talking to the farmers about the "crisis."

To the Editor of the Eagle:

John Winter, of Buffalo, N. Y., had heard through the Eagle of the wonderful city of the plains, and came to see if all be true. He says the half has not been told him.

To the Editor of the Eagle:

C. A. Norton, wife of Derby, stopped over in the city yesterday on their way to Mr. Norton's old home, Chillicothe, Ohio, which he has not seen since leaving it thirty years ago.

To the Editor of the Eagle:

Sol Fletcher, of the West side, was up the Arkansas looking at his land, when the tank overflowed, and he fell into the river. After a lively scolding and scrambling, he managed to touch terra firma, but minus his hat.

To the Editor of the Eagle:

Mr. W. W. Chaves, who has for some years been a trader at Darlington, I. T., was in the city yesterday. He expects to remain some days. He is much pleased with the late growth of the city.

To the Editor of the Eagle:

The extra copies of the Illustrated Review of Wichita left at this office for sale are all gone, and have been for some days. In answer to several applications we can only suggest that it might be that some of those who subscribed for a large number would divide.

SCHOOL BOARD MEETING.

The board of education will meet tomorrow evening at 8 o'clock at the city chamber. Some important business demands the attention of the board and there is a smile passing around that indicates while the city council is having it calm, the school board will furnish the enthusiasm.

ROBBED.

A man was robbed yesterday afternoon of \$50 in the rear of Edridge's restaurant on East Douglas avenue. The thief did his work so skillfully that the loss was not observed until some time afterwards. The police were informed, and have a clue to the rascal that will lead to his capture soon.

IMPROVING.

Rev. J. P. Harrison, of Kingston, Pennsylvania, who for a number of years was pastor of the First Presbyterian church of this city, and who was mentioned in the EAGLE some days ago as being dangerously ill, is much better. A letter to a gentleman in this city which was received yesterday, states that he is much improved, and now hopes are entertained of his recovery.

A LOST POCKET-BOOK.

Captain John B. Carey on Monday evening, while on his way to the council chamber, dropped either on the street or in the vicinity of Kaiser's barber shop from his side vest pocket a leather pocket-book containing some money and papers. The papers are of peculiar personal value to him, and if the finder will return the book and papers to his office or to the EAGLE office the finder can keep the money and no questions will be asked.

HORSE STOLEN.

E. J. Vesey last evening had a fine mare stolen. He had hitched her at a post on Douglas avenue opposite the Manhattan. When he came for her she was gone. A man was seen by several persons in front of the hotel to unhitch the mare, but, on account of the distance he could not be recognized. The animal is described as of medium size, a dark iron gray; had her recently shod; and was a fast trotter.

A NEW CHURCH BUILDING.

The Carey Park Land company have donated to the Congregational church three lots on Wichita street in their addition. The agreement is that the denomination shall erect a church building on the lots this fall, costing between four and six thousand dollars. Work shall begin within thirty days. Some parties yesterday were soliciting money for erecting the building and met with good success. Plans will be immediately drawn and work commenced at an early date.

BIG APPLES.

Mr. Edward Horner, of the west side, laid upon our table yesterday morning, eighteen or twenty apples that ought to be sent to some big state pomological exposition. He doesn't know the name of the apples, but he has eleven trees of the variety which bears full every year, ripening about the first of August. But the peculiarity of the variety is the shape and size of the fruit, being about the proportions of a cheese or a fat grindstone. Then the size is wonderful. The apples left on our table measure from 13 to 14 1/2 inches in circumference.

STILL THEY GO.

A span of mules gave an entertainment yesterday on Second street in the way of a runaway. Their little scheme proved quite popular as it drew a large audience. They, attached to a wagon, were standing near the first alley west of Main street and became frightened and started west and soon acquired a speed that would make an ordinary mule gait blush. They did not go far, however, until they were taken in by a post and brought to a sudden and embarrassing halt. The wagon was considerably damaged but of course the little kickers were still able for a varied duty.

WEST SIDE PAVEMENTS.

The city engineer was over on the West side yesterday making a survey to establish the sidewalks yet unbuilt. From Oak street to the bridge on the south side the street commissioners will order all the property owners to come to the grade. In the first block west of the bridge it will be necessary to raise the ground from three to four and a half feet, but in the second it will be necessary to lower it fully as much. Mr. McConnell will commence work upon the walks today. They will be built of oak lumber and be four and one-third feet in width.

HOUSE ROBBERY BRIGADE.

The residence of Mrs. White on North Topeka avenue was visited Monday night by robbers. They evidently were supplied with a good set of tools as they visit every room unlocking a number. They were not detected and nothing was known of the deed until yesterday morning. They did not succeed in getting any money but laid hands upon a valuable gold watch and appropriated it unto themselves. This is thought to be the only thing stolen. The officers have the matter in charge and will do their utmost to find the guilty party or parties.

MORE WATER.

The water works company received a telegram yesterday stating that three car loads of their mains ordered sometime ago from Chattanooga, Tennessee, were on the road. They are six inches in diameter and two miles of that size will be placed south of Douglas avenue. It is expected to arrive in a few days and on its arrival work will commence.

One mile of eight inch main has been ordered from the same place but not yet shipped. It will be placed in West Wichita. It is expected that it will be here in a few weeks and will be put in place as fast as possible.

Work on the third reservoir for the water company is being rushed along rapidly. It is larger than either of the other two and will be ready for use in a few weeks.

BASE BALL.

Lovers of the great national game had quite a treat in the match between the Topeka Athletics and the Wichita Reds at the fair ground yesterday afternoon. The interest in the game was well sustained and there were some fine plays made. Jetty as catcher did good work, while no little credit is due Morgan for his elegant work in the box, having made three assists in one inning, with a total of seven. The two Hook brothers, aged only 16 and 17, made a strong battery.

The score by innings is as follows:
Topeka.....3 0 0 0 0 0 5 7 8 9
Wichita.....0 0 0 1 0 1 0 1 1 4
Another game will be given today. The attendance yesterday was large, but it is expected from the satisfaction in the first game that the second will be still more largely attended.

HOW MANY PEOPLE.

The Population of Wichita Greater Than was Thought.

The enumerators for the city directory for 1886 are far enough along with their work to have a definite idea of the result. There was considerable speculation last spring as to the result of the census, which showed that the city had between twenty and twenty-one thousand. Many there were who declared that there must be more people in Wichita than was then returned, while there were some people on the outside, people who had never been in the place, who made no bones of declaring that the returns had been cooked. For our own part we were satisfied that the work had been honestly done, but the assessor and his assistants were so long about it that no doubt a thousand or more new comers had taken up their abode in the wards first taken before the last wards were finished. However that may be the enumerators on the directory find that there will be fully eight thousand names. The basis for estimating population by the number of names appearing in a business directory differs so greatly with different towns that we are left in as great a quandary as ever, but taking the lowest basis of 3 1/3 inhabitants for each name in a directory, and Wichita must have a considerably greater number of inhabitants than was claimed this spring.

MARRIED.

In Wichita, on the evening of the 23d, by Rev. R. Beverly, pastor of the Second Baptist church, Mr. John Green Hickel and Miss Adeline Henderson.

RETURNED.

Mr. Robert Cook and mother, Mr. and Mrs. Lawrence and daughter, Mr. J. C. McComb and Hank Heiserman returned from their visit in the west yesterday. They left their party at Colorado Springs, and report all well and happy.

Mr. Heiserman expresses himself as over-delighted with his trip. He seems to think that our John Carpenter, of Valley Center, was having a healthy time of it as it was his expressed belief that he would, on returning, have to be sent home in a box car.

O. S. Jacobs and wife, John Carpenter and wife and Mrs. Heiserman went up Pike's Peak yesterday and will come down today. They will start for Wichita tomorrow and probably arrive Friday evening.

CITY COUNCIL.

The city council tackled the business that demanded their attention yesterday morning. His honor was in the chair and councilmen Healy, Carey, Rice, Hoff, Allen, Konyon and Chivington answered at roll call.

Mr. Healy's recommendation that the Topeka avenue sewer be extended north from the first alley north of Douglas avenue to First street was referred to a committee for investigation. The council decided to allow the A. T. & S. F. railroad company the privilege of securing for themselves a passage from Douglas avenue to their depot site.

The new city scales have been purchased and will arrive in a few days. The ordinance referring to salaries of city officers was given to the finance committee for a further investigation.

Mr. A. G. Walden was appointed fire marshal.

MARRIAGE LICENSE NO GOOD.

Some months ago a gentleman arrived in this city from the east, and gave his name as John W. Lucas. He was thought by all who met him to be a worthy young man, and soon after arriving became acquainted with a lady who about three weeks ago became his wife. The marriage was always thought a happy one, and no evidence to the contrary became known until last Monday. He at that time hunted up the marriage certificate and cut his name out and deposited it in its accustomed place. He did this a short time before a train pulled out for the west which he boarded, saying "good bye, wife."

Since the affair happened, a gentleman states that on Sunday last Lucas told him that he would be a single man if his name was erased or cut out of that certificate, as he said the marriage license "was done with and good no more."

AT LAST.

The red tape of the government departments is often a subject of remarks, not to say disgust. Mr. Chris. Pierce of this city was the chief of the ordinance depot at Newburn, North Carolina, during the war where he handled millions of dollars worth of property, supplying Sherman's army with over half a million of dollars at one time and receiving, at the surrender of all of the arms, etc., of Johnson's army. Chris has been for twenty years trying to effect a settlement of his accounts through attorneys and members of congress. Judge Peters, our present congressman, took hold of the matter some time since and has given the department to rest. Yesterday Mr. Pierce received his balance sheet showing a difference in favor of the government of two dollars and twenty cents. He had neglected to put a revenue stamp on some paper which they had charged him up with. Mr. Pierce says the government really owes him about three hundred dollars, but he doesn't feel like starting in on another twenty years' siege, and through amounts involving millions of dollars of all descriptions of property.

COMPROMISED.

Mr. A. Jasper was brought before Justice Walker yesterday charged with cruelly beating his nine-year-old stepson. When he was first arrested he made the plea of not guilty, but a few moments before the trial was to commence his attorney, Mr. Hume, informed the court that the defendant would plead guilty, and the fine of \$25 was imposed which in addition to the costs made his entire expense \$44.50. He showed \$40 at the justice, who told him he would be given ten days to pay the remainder.

In a few minutes his wife stepped up with a ten dollar bill and relieved her husband of the little debt.

Before he was dismissed Justice Walker gave him some advice that contained several pointers about how he should treat the little boy in his care and how he should wiggle his tongue concerning his neighbors.

Jasper said he would not whip him any more no matter if he did steal.

The justice then gave him some advice as to what constituted a proper and just punishment and what an inhuman treatment. He was then dismissed.

A jury had been impaneled consisting of the following gentlemen: R. A. Foster, John R. Raliff, J. G. Rols, Tom Jewell and John Bams. They and the witnesses seemed to be very glad that the matter was settled and the prospect for a tiresome afternoon proved of little duration.

A new cigar firm under the style of The Wichita Cigar Factory has been opened on East Douglas avenue. These gentlemen will manufacture a very superior cigar called "Wichita Odd Sucks." They report already large sales of this brand.
